About ISM Edutech

ISM Edutech started with the motto of being the provider of opportunities for deserving students who otherwise would have been mere victims of high competition fee or misplaced career, We are being proactive in our approach and are aggressively trying to be able to help the healthcare industry in producing qualitatively superior health warriors(doctors), ISM Edutech thrives to provide the education a student deserves by giving them a safe environment to study and learn. And now, more than a decade later, ISM Edutech is synonymous with excellence in education advisory services. We are considered as one of the leading education consultants and training organizations from India, Kyrgyzstan, Kazakhstan, Tajikistan, Georgia, Barbados and United States in the field of Medical and Allied Healthcare Education, Admission and Training services.

About Country

Tajikistan is in the south-eastern part of Central Asia. Tajikistan is bordered on the west and north by Uzbekistan and Kyrgyzstan, on the south by Afghanistan, and on the east by China.

The majority of the population and economic activities of Tajikistan are concentrated on 7% of its territory, in the valleys. Almost all climatic zones in Tajikistan, range from +500C to -600C.

About University

Avicenna Tajik State Medical University celebrates its glorious 81th anniversary. Describing ATSMU history, we should note that medicine among Tajik people has a distinctive history, the origins of which go back to deep antiquity. The antiquity greatest scientists-doctors works, as Abuali ibni Sino enriched the treasury of world medical science, from whom many world doctors and scientists' generations drew knowledge of medicine and mastery. The organization of the Tajik Medical Institute is one of the brightest pages in the history of the republic, the formation and development of medical science, higher medical education and public health. All achievements of the Republic's health care system are inextricably linked with the activities of the institute.

Today many Tajikistan Medical University graduates successfully work not only in our republic, but in more than 40 world countries, including the Russian Federation, the CIS countries, England, Germany, the USA, Iran, Afghanistan, China, Turkey, India, Yemen, and some African states. Tajikistan medical scientists are contributing to the further improvement of the organization and quality of research, increasing their efficiency and incorporating the results of research into the practice of health authorities and institutions. This contributes to the effective preventive and other measures of complex development for the public health protection and promotion, taking into account the climatic and geographical features of Tajikistan and the high growth rate of its population.
